We have a deep and lasting relationship with the UN that deserves to be celebrated and appreciated. To recognize this relationship, Rotary will host five special events between now and June: Rotary Day at the UN in New York on the 9th of this month; three presidential conferences next year in Santiago, Chile, in Paris, and in Rome; and a final celebration just before the Rotary International Convention in Honolulu.

The focus on the UN in the year ahead is not only about the past; it also lights a path to our future. There are so many parallels between the work we do through our areas of focus and the work of the UN Sustainable Development Goals. While those goals are indeed incredibly ambitious, they provide inspiration and direction — and are similar to many Rotary goals, which have proven to create lasting, positive change in our world. The goals can be achieved, but only if undertaken with the same long-term commitment and tenacity that Rotary understands so well. Alone, we cannot provide clean water for all, we cannot eliminate hunger, we cannot eradicate polio. But together with partners like the United Nations, of course we can.

Please consider attending one of our five UN celebrations. I look forward to sharing news of these special events with you throughout the year.

Mark Daniel Maloney
Rotary International President

ROTARY INVOCATION

We the Rotarians are dedicated to the ideal of service to maintain a high ethical standard in our business and profession and to dignify our vocation by enhancing international understanding, goodwill and peace through the people united in the ideal of service.

From the Editor's desk

November 2019 is nearing its end and when this bulletin reaches you, there will be only thirty seven days left in this year to fulfil your wish list for 2019. For us Rotarions, especially the current Board of Baridhara Rotary Club, it is time to start evaluating our activities and achievements in this half of the fiscal year 2019-2020. It is time to explore and assess what more could be feasibly done in the remaining days of 2019 to make it a fulfilling year.

November is the Rotary month of Foundation. It is also the month of Rotary Day at the United Nations to recognize the deep and lasting relationship between the UNO and Rotary International. Let us foster strong relationship with communities across a broad spectrum and make our commitment to serve humanity a pursuit for peace and happiness.
